

factor4 solutions

in molding factories

3D weldless alliance

昭和電工ガスプロダクツ株式会社

Reducing the Resource Use

1 Getting Rid of Wasted Energy

2 Getting Rid of Material Waste

Increasing the Output

3 Lowering Cycle Times

4 Shortening Set Up Times

5 Cancelling Problems with Gas

6 Eliminating Contamination

7 Solving Water Quality Issues

Enhancing the Value

8 Improvement of Surface Quality & Value

9 Lightening Part Weights

10 Higher Dimensional Precision
