

How Matsui and NCI share the same problem

*NCI, a molder for household plastics
tells Matsui that their first
Matsui dryer back from 12 years ago
is still in an excellent condition.*

*“Just like NCI’s long-lasting high
quality products,
Matsui must be facing the same
problem of selling new products
to existing customers,” laughs Yves.*

*When asked what’s so great
about Matsui
Energy Saving
Compact & Ergonomic design
Easy to Handle,
Operate and Maintain
Excellent after-sales service
Close Customer-Supplier Relationships*
