

## 6 Elimination of color irregularities

Resource consumption cut

Productivity UP

Resin self-coloring molds

Added Value UP

Having problems with color variations in the molded items?  
Color variations that cannot be adjusted with molding conditions can now be resolved at the unique nozzles!

### Static Mixer

#### Overview

Simply install on the nozzle tip of the molding machine to achieve uniform color and resin temperature.

- Example of quick color change (changed color in just a few shots!)

#### Features

- No power required. Install easy by simply replacing existing nozzle.
- Also results in uniform color as well as uniform material temperature.
- Design eliminates stagnation so no issues with carbon deposits! Makes color changes easy!!
