Liquid Color Blender

Overview

The complex ink handling method has been revised to achieve quick, simple and accurate color changeover, as well as high accuracy liquid calculation and feeding and uniform blending immediately before molding prevent color irregularities.

[JCLC2]

A product powered by technical cooperation
with Toyocolor Co., Ltd.

Liquid Color Pouches

Features

- Simple installation by clipping the liquid blender part under the collector of the mold machine.
- Use of a proprietary inkjet nozzle system eliminates ink dripping near the hopper inlet.
- Ensures superior color dispersibility of the ink compared to conventional models.
- Easy color changeovers with the pouch-type dedicated ink cartridge.

factor4 Doubling Wealth,
in molding factories Halving Resource Use

Matsui, your Plastic molding partner for resorce reduction, propose to achieve 'factor 4' in molding factors.
We aim to increase productivity by 4times by achieving the following, 'Save Water','Save Rasin s' and 'save Energy'.
