

7 Eliminate contamination

Clean Environments based on Application

Added Value UP

Productivity UP

Too expensive to build a clean room to cover the entire work environment?

Matsui offers appropriate clean environments for required location at an affordable price!

Clean Booth

An assembled clean booth composed of an aluminum frame and anti-static vinyl curtains. The degree of cleanliness in the booth is maintained by supplying the external air through an HEPA filter and applying positive pressure with downflow.

Features

- Suitable for a wide range of cleanliness based on the application and environment. ISO 5 (Class 100), ISO 6 (Class 1,000), ISO 7 (Class 10,000), etc.
- Tailored width, length, and height based on the installation environment.
- Wide selection of entrance options, including vinyl curtains (lap type, curtain rail type), aluminum door, air shower unit.

7 Eliminate contamination
